Education

Chennai Institute of Technology, Chennai — Sept 2023 – May 2027

B.E. in Computer Science and Engineering (Cybersecurity) GPA - 8.02

Experience

Android Developer Virtual Intern Eduskills — Oct 2024 – Dec 2024

- Developed a role-based recruitment system handling authentication, job workflows, and candidate tracking, improving hiring process efficiency.
- Integrated REST APIs and SQLAlchemy ORM for seamless database communication and scalable backend architecture.

Projects

Recruitment System (Python, Flask, SQLite, HTML)

- Developed a secure, role-based recruitment management system enabling HR and candidates to manage job applications with authentication and access control.
- Designed and implemented modules for job posting, applicant tracking, and interview scheduling using Flask and SQL Alchemy, improving workflow efficiency.

Portfolio (HTML, CSS, JavaScript)

- Developed a responsive portfolio website featuring dynamic content, form validation, interactive UI components, and performance optimization for enhanced user experience.
- Integrated interactive features such as form validation and dynamic content rendering to enhance user engagement.

Certifications

NPTEL Cloud Computing (Cloud Architecture, Virtualization, Service Models) **Elite Grade** — Link

Cyber Security Essentials (Network Security, Threats & Vulnerabilities) — Link

Networking Essentials (Network Fundamentals, Protocols, Routing & Switching) — Link

Web Development (HTML, CSS, JavaScript, Responsive Design) — Link

Skills

Technical Skills: Python, Java, C++, HTML, CSS, JavaScript, Flask, Node.js, MongoDB, MySQL, SQLite

Tools & Design: OpenCV, Git, GitHub, Figma, Photoshop, Illustrator

Core Concepts: Data Structures & Algorithm, REST API Development, Web Development, Cybersecurity Fundamentals, Network Security, UI Design, Graphic Design, Problem Solving

Achievements

- Advanced to **Round 2** in **Flipkart Grid 6.0**, demonstrating strong problem-solving and software development skills in a national-level hackathon.
- Achieved Solved **280+ problems on LeetCode**, achieving a rating of ~1431, demonstrating strong problem-solving skills.
- Contributed as a **Designer** in college events and media club, delivering creative visual assets and branding materials.

Volunteering

- **Takshashila (Cultural Event):** Served as a Graphic Designer, delivering creative and impactful visual designs that contributed to event branding and promotional materials.
- **Upside Down (Revil Symposium 2023):** Organized and managed a coding challenge where participants solved problems in reverse order, showcasing strong leadership and event coordination skills.
- **Designer (Revil Symposium 2026):** Designed web interfaces and social media creatives for Revil Symposium, improving event engagement and visibility.
