Education

Chennai Institute of Technology, Chennai — Sept 2023 – May 2027

B.E. in Computer Science and Engineering (Cybersecurity) CGPA - 8.02

Experience

Android Developer Virtual Intern, Eduskills — Oct 2024 – Dec 2024

- Gained hands-on experience in **developing Android applications** using **Kotlin** and **Jetpack Compose**, focusing on building **intuitive and responsive user interfaces**.
- Acquired skills in **Android app architecture** and **Jetpack libraries**, including **data handling** and implementing **best practices for scalable and maintainable applications**.

Projects

Recruitment System (Python, Flask, SQLite, HTML)

- Developed a **secure, role-based recruitment management system** enabling HR and candidates to manage job applications with **authentication and access control**.
- Designed and implemented modules for **job posting, applicant tracking, and interview scheduling** using **Flask and SQL Alchemy**, improving workflow efficiency.

Portfolio (HTML, CSS, JavaScript)

- Developed a **dynamic personal portfolio website** to showcase projects and skills with a **clean, modern UI design**.
- **Integrated interactive features** such as **form validation** and **dynamic content rendering** to enhance user engagement.

Certifications

NPTEL Cloud Computing (Cloud Architecture, Virtualization, Service Models) **Elite Grade** — Link

Cyber Security Essentials (Network Security, Threats & Vulnerabilities) — Link

Web Development (HTML, CSS, JavaScript, Responsive Design) — Link

Skills

Programming Languages: Python, Java, C++
Front-End Technologies: HTML, CSS, JavaScript
Back-End Technologies: Flask, Node.js
Databases: MongoDB, MySQL, SQLite
Tools: OpenCV, Git, GitHub
Design Tools: Figma, Adobe Photoshop
Core Concepts: Data Structures & Algorithm, Web Development, Cybersecurity Fundamentals, Network Security, UI Design, Graphic Design, Problem Solving

Achievements

- Advanced to **Round 2** in **Flipkart Grid 6.0**, demonstrating strong **problem-solving** and **software development skills** in a **national-level hackathon**.
- Achieved a **LeetCode** rating of ~**1431** through consistent performance in algorithmic and data-structure problem solving.
- Contributed as a **Designer** in college events and media club, delivering **creative visual assets and branding materials**.

Volunteering

- **Takshashila (Cultural Event):** Served as a **Graphic Designer**, delivering **creative and impactful visual designs** that contributed to **event branding** and **promotional materials**.
- **Upside Down (Revil Symposium 2023):** Organized and managed a **coding challenge** where participants solved problems in **reverse order**, showcasing strong **leadership** and **event coordination skills**.
